

## REMARKS

The amendment to the specification is provided to better describe the structure of an embodiment of the present invention, as reflected in the drawings. No new matter has been added. The amendment to the claims is provided to more particularly point out and distinctly claim the subject matter of the present invention. A prompt examination on the merits is respectfully requested.

The Office is hereby authorized to charge any additional fees or credit any overpayments under 37 C.F.R. §1.16 or §1.17 to Deposit Account No. 11-0600. The Examiner is invited to contact the undersigned at 202-220-4247 to discuss any matter regarding this application.

Respectfully submitted,  
KENYON & KENYON
